Holistic Treatments

Reflexology - £ 35.00

*Reflexology is a treatment where the therapist works
primarily on your feet. The theory behind reflexology is
that there are "reflex points" in the feet, that relate to
specific organs and glands in the body. Practitioners
believe that stimulating those reflex points promotes
health in that organ via the body's energetic pathways.*

Aromatherapy - £ 35.00

*Aromatherapy is the practice of using volatile plant oils,
including essential oils, for psychological and physical well-
being. Essential oils, the pure essence of a plant, have been
found to provide both psychological and physical benefits.*

Holistic Massage - £ 30.00

*Holistic Massage is all about tailoring the perfect treatment
for you at the time of the massage, catering exclusively for
what you want and need when you come to see us.*

Reiki Healer - £ 30.00

*Reiki is a Japanese technique for stress reduction and
relaxation that also promotes healing. It is administered by
"laying on hands" and is based on the idea that an unseen
"life force energy" flows through us and is what causes us
to be alive.*

Hopi Ear Candles - £ 25.00

*Ear Candling to help ease sinus congestion and headaches.
A specially made, tapered ear candle is lit and placed
strategically by the therapist in the persons ear.
Once both ears have been treated a mini pressure point
facial is administered.*
